# **REPORT OF INDEPENDENT AUDITORS**

The Board of Directors Support for Educational and Economic Development Garland, Texas

We have audited the accompanying financial statements of Support for Educational and Economic Development (the "Organization"), a nonprofit corporation, which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2020 and 2019, and its activities, functional expenses, and changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

### Note I - Organization and Nature of Activities

### Organization

Support for Education and Economic Development (the "Organization" or "SEED") was founded on November 19, 2009 as a Texas not-for-profit corporation. SEED's mission is to implement educational and medical care programs with focus on projects that will reduce ignorance, improve literacy and quality of life in economically backward areas of India.

### Nature of activities

During 2020 and 2019, SEED provided four primary programs. The first program provided education to poor children by providing tuition fee assistance, books, school uniforms, and paid salaries of teachers in slum area schools in India. This program also granted students with scholarships for college education and provided financial assistance for day to day expenses to destitute families with children.

The second program provided widows and destitute families financial assistance to pay for their day to day expenses and for their children's education.

The third program provided vocational training to unemployed men and women in the areas of paramedical training, computer training, driver's education, auto-mobile electrician courses, refrigeration and air conditioning courses, and tailoring and beautician courses.

The fourth program provided free diabetic care and primary care to poor elderly patients. Emergency medical assistance was also provided for major surgeries, cancer treatment, and other medical issues for the poor.

# Note 2 - Summary of Significant Accounting Policies

### Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") using the accrual basis of accounting.

The Organization's net assets, revenues and gains, and expenses are classified as with donor restrictions and without donor restrictions based on the existence or absence of donor-imposed restrictions.

Notes to Financial Statements

# Note 2 - Summary of Significant Accounting Policies - (Continued)

#### **Basis of presentation – continued**

These classifications are defined as follows:

- Net assets with donor restrictions consist of the principal amount of gifts which are required by donors to be permanently retained as well as donor-imposed restrictions that permit the Organization to use or expend the donated assets as specified and are satisfied either by the passage of time or by actions of the Organization.
- Net assets without donor restrictions do not contain donor restrictions or the donor-imposed restrictions have expired.

Net assets with donor restrictions consisted of \$30,000 restricted for the Medical Aid for Poor Program as of December 31, 2020. There were no net assets with donor restrictions at December 31, 2019.

### Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of activities and changes in net assets and statement of functional expenses. Accordingly, certain costs have been allocated among program services and supporting services benefited. Such allocations are determined by management on an equitable basis on the time and effort method of allocation.

#### Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Significant estimates include the functional allocation of expenses. Accordingly, actual results could differ from those estimates.

### Cash and cash equivalents

Cash and cash equivalents include all highly-liquid investments with maturities of three months or less when purchased. There were no cash equivalents at December 31, 2020 and 2019.

Notes to Financial Statements

## Note 2 - Summary of Significant Accounting Policies – (Continued)

#### Grants and contributions

Contributions received are recorded as net assets with donor restrictions or without donor restrictions depending on the existence or nature of any contributor restrictions. All contributions are considered to be available for unrestricted use unless specifically restricted by the contributor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Contributions receivable that are expected to be collected in future years are initially recorded at fair value. Estimates of fair value consider an analysis of the creditworthiness of the donors, past payment experience and other relevant factors that have been discounted at rates equivalent to the 10-year Treasury bill rate in effect at the date of the contribution made. There were contributions receivable of \$30,000 and \$0 as of December 31, 2020 or 2019, respectively.

### In-kind donations

In-kind contributions are contributions of non-cash assets that can be utilized by the Organization. All in-kind contributions are recorded at fair value. Amounts of non-cash assets to be used within one year are recorded at their net realizable value. Amounts of non-cash assets expected to be used in future years are recorded at fair value, which considers estimated future cash flows discounted at the risk-free interest rate at the date of the contribution. In-kind contributions in 2020 and 2019 consisted of stock.

### Concentration of risk and significant donors

For the years ended December 31, 2020 and 2019, respectively, one donor accounted for approximately 4% of total revenue.

The Organization maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Organization has not experienced any losses in such accounts and does not believe it is exposed to any significant risk on cash. The Organization believes it is not exposed to any significant credit risk on cash and cash equivalents.

Notes to Financial Statements

# Note 2 - Summary of Significant Accounting Policies – (Continued)

#### Investments

Investments are measured at fair value. Changes in fair value are recorded as reductions or increases to the net assets. The Organization records securities transactions on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recorded on an accrual basis.

### Fair value measurements

The Organization measures its investments are fair value, according to a hierarchy of valuation techniques. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that questions an investment for each level:

Level I – Unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs, other than Level I, that are observable either directly or indirectly. These inputs may include: (a) quoted prices for similar assets in active markets; (b) quoted prices for identical or similar assets in markets that are not active; (c) inputs other than quoted prices that are observable for the asset; or (d) inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs that are unobservable and significant to the entire fair value measurement.

All of the Organization's investments are in publicly traded stocks and mutual funds and are Level I investments at December 31, 2020 and 2019.

### Federal income taxes

The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, accordingly, is only subject to federal or state income taxes on specific types of income from activities that are unrelated to its exempt purpose. The Organization did not have net unrelated business income for the years ended December 31, 2020 and 2019.

The Organization's application of Accounting Standards Codification Topic 740, *Income Taxes* regarding uncertain tax positions had no effect on its financial position as management believes the Organization has no material unrecognized income tax benefits or liabilities, including any potential risk of loss of its not-for-profit status. The Organization would account for any potential interest and penalties related to possible future liabilities for unrecognized income tax benefits as income tax expense.

Notes to Financial Statements

# Note 2 - Summary of Significant Accounting Policies - (Continued)

#### New accounting pronouncements

In February 2018, the FASB issued Accounting Standards Update 2018-02 ("ASU 2018-02"), Leases: Amendments to the FASB Accounting Standards Codification. ASU 2018-02 amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets. The guidance is effective for nonpublic business entities for fiscal years beginning after December 15, 2021. Early adoption is permitted. The Company is currently assessing the effect ASU 2018-02 will have on its financial statements.

In November 2015, FASB issued the Accounting Standards Update of ASC 825-15 Financial Instruments – Credit Losses ("ASC 825-15"). This standard modifies the model for credit losses on financial instruments such as loans and debt securities not classified as available-for-sale, trade receivables, lease receivables, loan commitments, and reinsurance receivables to create a more forward-looking model that is likely to result in the need for companies to increase loan loss reserves. The guidance is effective for nonpublic business for the year ended 2021. The Company does not expect adoption to have a material impact on its financial statements.

### Advertising

The Organization expenses all advertising costs when incurred.

#### Subsequent events

The Organization has evaluated events and transactions subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through June 16, 2021, the date on which the financial statements were available to be issued.

### Reclassifications

Certain reclassifications have been made to the 2019 financial statement presentation to conform to the current year format.

### Note 3 - Related Party Transactions

Members of the Board of Directors of the Organization contributed \$91,100 and \$56,160 during the years ended December 31, 2020 and 2019, respectively, which is included in contributions on the accompanying statements of activities, functional expenses, and changes in net assets.

Notes to Financial Statements

# Note 4 - Liquidity

# Quantitative

The Organization has approximately \$1,656,000 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditures, consisting of cash of \$1,240,000 and investments of \$416,000. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the balance sheet date.

# Qualitative

The Organization's financial assets consist of mostly cash and investments which are available as its general expenditures, liabilities, and other obligations come due. The organization has a policy to obtain contributions which are kept for the following years program expenses. An annual budget is approved by the Board which is followed strictly by the Organization.

# Note 5 - Endowment

The Organization's endowment consists of an individual fund established in January 2018 with an objective to raise the Endowment to at least \$1,000,000 or more. The endowment includes funds designated by the Board of Trustees to function as endowments without any restrictions. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Endowment funds were \$412,517 and \$255,770 at December 31, 2020 and 2019, respectively. As of December 31, 2020 and 2019, all endowment funds.

Changes in Endowment for the years ending:

	 December 31,				
	 2020	-	2019		
Endowment, beginning of year	\$ 255,770	\$	103,890		
Investment return, net	49,838		41,880		
Transfer to create board-designated endowment funds	 106,909	-	110,000		
Endowment, end of year	\$ 412,517	\$	255,770		

Notes to Financial Statements

## Note 6 - Commitments and Contingencies

#### COVID-19

The global outbreak of coronavirus disease 2019 ("COVID-19") has continued to develop rapidly throughout 2020 and into 2021, with a significant number of cases. It has presented various global risks and continues to have an adverse impact on economic activity. The Organization has taken a number of measures to monitor and mitigate the effects of COVID-19, as well as safety and health measures for the Organization's employees. The Organization will continue to follow the various government policies and advice to continue operations in the best and safest way possible.
